

Origins of Psychology – Questions by Topic

Q1.

Describe Wundt's role in the development of psychology.

(Total 6 marks)

Q2.

Millie is asked to do a class presentation on introspection. As part of her presentation she said, 'Introspection is thinking about our own thoughts.'

After the presentation, her classmates said they had learned very little about introspection.

Explain what else Millie could have said about the major features of introspection so that her classmates would be better informed.
